## Move Beyond the Lighting Console with nManager Mobile

Control commercial and industrial lighting from the palm of your hand.

With nManager Mobile, it's easier than ever to manage lighting activities through a wide range of functionalities for a precise light level every time. An on-screen dimming bar gives you smooth control for full-range dimming.

Available for both iOS and Android devices.

### Key Features & Benefits

Control lights on an individual or a group basis.

- Monitor occupancy levels.
- View schedules and configuration.
- View all activity logs.
- Utilize an easy-to-navigate user interface.
- Clarify structure through grouping of rooms.
- Activate/override daylight controls.
- Control colored light (RGB).
- Scale from a single LED fixture to a wide range of fixtures.
